Performance Time: We will do our best to accommodate the show time that you request. Because multiple shows are scheduled for the day throughout the Detroit area, we may need to modify show times slightly to make allowances for travel time between shows. We appreciate your flexibility in this issue. If schedules allow, we will arrive approximately 30 minutes prior to a performance to warm up.

Desired performance criteria: We prefer a 20 x 20 hard floor surface performance area. We prefer not to jump indoors where there are lower ceilings, carpet or outdoors on grass as these environments make rope turning and performance moves difficult to execute.
